WORKSHOPS BY ARTISTS FROM SYRIA, GREECE AND GERMANY

Feb 16 - 27, 2017

**@ Eleusis and Skaramangas camps,
Khora Athens, and the premises of Athens Biennale**

Artists from Syria, Greece and Germany offer creative workshops to migrants and Athenians to develop a vision of our common future in which we grow together and learn from one another. Stories and dreams contributed by migrants and Athenians to artists will be part of a world's history that we write together.

This new collective story will be presented to the public as part of the exhibition of the Athens Biennale and published as a book. **All workshops held in English with Arabic translation, entrance free. For full program, infos and registration go to athensyn.com**
